

## SMMA Art Week

### Half-Term Homework.

Your task, in preparation for art week on the 28<sup>th</sup> June, is to recreate a famous piece of art. This should be done in the form of a photo. Your photo could include yourself, a family member or even a pet copying a famous piece of artwork. You could try and use things you have around the house (like the examples below). We can't wait to see how creative you can be. Photos should be sent to your class teacher before the 28<sup>th</sup> June and should include the name of the artwork you replicated. Good luck!

Psyche Opening the Door into Cupid's Garden by John William Waterhouse

Me and My Parrots by Frida Kahhlo

The Persistence of Memory by Salvador Dali

Arnolfini Wedding Portrait by Jan van Eyck
